**SMART
MAINTENANCE**
AT ITS BEST

A POWERFUL WORK ORDER SYSTEM

- Easily create reactive and recurring WOs.
- Set intuitive triggers based on time or usage.
- Assign WOs to specific locations, assets or personnel.
- Automated assignment of WOs to the right personnel based on skill & availability.
- A dedicated WO calendar to remind & track all past, present & future work.
- Integrates with mobile camera to easily capture & upload photos & videos.
